

Dear Patient:

Welcome to our practice. In order to provide you with the most effective medical care, our offices need certain basic information regarding your medical history. The time you spend completing the enclosed forms will be an important contribution to your overall health care. Answer all questions to the best of your ability. A member of our health care team will review these with you and answer any questions you may have at the time of your appointment.

Please present the completed forms to the receptionist on the day of your visit. A copy of your insurance card will be taken so we may submit your claim(s) properly. If your insurance company requires a referral, it is the patient's responsibility to arrange for this prior to all appointments. Insurance co-payments are due at the time of service.

Lincoln Center OB/GYN will submit your claims when provided with the required information. Please remember, this is done as a courtesy for our patients. You are responsible for payment of your account. Your health care policy is a contract between you and your insurance company and/or employer.

Billing statements are mailed every twenty-eight days and are due upon receipt unless prior arrangements have been made with the business office. If the balance remains unpaid and no satisfactory payment arrangements have been made, the account will be reviewed for possible further action.

If you do not have medical coverage, we ask for payment of office charges at the time of service. Additional charges such as pathology will be billed by the facility rendering those services. Lincoln Center accepts payment in the form of cash, check, or credit card. Please speak with a member of our business office if additional information is needed.

The physicians and staff of Lincoln Center look forward to assisting you in achieving your health care goals.

Sincerely,

The Physicians and Staff of Lincoln Center

### YOUR RIGHTS REGARDING YOUR PROTECTED HEALTH INFORMATION

Lincoln Center OB/GYN, P.A. participates in electronic health information technology or HIT. This technology allows a provider or a health plan to make a single request through a health information organization or HIO to obtain electronic records for a specific patient from other HIT participants for purposes of treatment, payment, or health care operations. HIOs are required to use appropriate safeguards to prevent unauthorized uses and disclosures.

You have two options with respect to HIT. First, you may permit authorized individuals to access your electronic health information through an HIO. If you choose this option, you do not have to do anything.

Second, you may restrict access to all of your information through an HIO (except as required by law). If you wish to restrict access, you must submit the required information either online at <http://www.KanHIT.org> or by completing and mailing a form. This form is available at <http://www.KanHIT.org>. You cannot restrict access to certain information only; your choice is to permit or restrict access to all of your information.

If you have questions regarding HIT or HIOs, please visit <http://www.KanHIT.org> for additional information.

If you receive health care services in a state other than Kansas, different rules may apply regarding restrictions on access to your electronic health information. Please communicate directly with your out-of-state health care provider regarding those rules.

**Right to Access:** You have the right to inspect and obtain a copy of your protected health information. We have up to 30 days to make your protected health information available to you and we may charge you a reasonable fee for the costs of copying, mailing or other supplies associated with your request. We may deny your request in certain limited circumstances. If we do deny your request, you have the right to have the denial reviewed by a licensed healthcare professional who was not directly involved in the denial of your request, and we will comply with the outcome of the review.

**Right to an Electronic Copy of Electronic Medical Records:** You have the right to request that an electronic copy of your record be given to you or transmitted to another individual or entity if your protected health information is maintained in an electronic format. We will make every effort to provide access to your protected health information in the form or format you request, if it is readily producible in such form or format. If the protected health information is not readily producible in the form or format you request, your record will be provided in either our standard electronic format or if you do not want this form or format, a readable hard copy form. We may charge you a reasonable, cost-based fee for the labor associated with transmitting the electronic medical record.

**Right to Notice of a Breach:** You have a right to be notified upon a breach of any of your unsecured protected health information.

**Right to Request Amendments:** If you feel that the protected health information we have is incorrect or incomplete, you may ask us to amend the information. You have the right to request an amendment for as long as the information is kept by or for us. A request for amendment must be made in writing to our Privacy Officer at the

address provided at the end of this Notice and it must tell us the reason for your request. In certain cases, we may deny your request for an amendment. If we deny your request, you have the right to file a statement of disagreement with us and we may prepare a rebuttal to your statement and will provide you with a copy of any such rebuttal.

**Right to an Accounting of Disclosures:** You have a right to an accounting of disclosures of your protected health information that is maintained in a designated record set. This is a list of persons, government agencies, or businesses who have obtained your health information. There are specific time limits on such requests. You have the right to one accounting per year at no cost.

**Right to Request Restrictions:** You have the right to ask us to restrict disclosures of your protected health information. If you self-pay for a service and do not want your health information to go to a third party payor, we will not send the information, unless it has already been sent, you do not complete payment, or there is another specific reason we cannot accept your request. For example, if your treatment is a bundled service and cannot be unbundled and you do not wish to pay for the entire bundle, or the law requires us to bill the third party payor (e.g., a governmental payor), we cannot accept your request. We do not have to agree to any other restriction. If we have previously agreed to another type of restriction, we may end that restriction. If we end a restriction, we will inform you in writing.

**Right to Request Confidential Communications:** You have the right to request that we communicate with you only in certain ways to preserve your privacy.

**Right to a Paper Copy of This Notice:** You have the right to a paper copy of this Notice, even if you have agreed to receive it electronically. You may request a copy from our office or you may go to our website at [www.lincolncenterobgyn.com](http://www.lincolncenterobgyn.com).
